Contracts Specialist

Based at Kraken Robotics Newfoundland, Canada or Scotland, UK
Full-Time – Permanent | Job Reference: KRSI-2024-17

ROLES AND RESPONSIBILITIES

Kraken is seeking a Contracts Specialist to join our team. The Contracts Specialist is a core member of the commercial team, reporting to the Commercial & Tender Manager, responsible for advising on all contracting and compliance issues across Kraken business units, with exposure to projects globally. The role will engage with the business at all levels to provide guidance and support on contractual and compliance issues.

This position can be based either out of our location in either Mount Pearl, Newfoundland, Canada or our Aberdeen, Scotland UK office.

Responsibilities will include, but not limited to the following;

- Reviewing and qualifying terms and conditions contained within client invitations to tender, including insurance requirements
- Reviewing and negotiating legal documentation with external parties including subcontracts, terms and conditions, NDAs, MoU's, contractor agreements, parent company guarantees etc.
- Advise sales and commercial teams on steps to mitigate potential contractual and commercial risks
- Participate in reviews of complete bids to ensure consistency and avoid double up with commercial and technical qualifications.
- Prepare contractual risk summaries to present to the management team as part of bid review/ approval process.
- Attend client meetings as required to finalise and agree acceptable terms and conditions for contracts.
- Assist in developing and maintain contracting principals to support Kraken bid teams
- Provide support with preparing Invitations to Tender for subcontractor services and evaluation of proposals received for selection of subcontractors
- Assist in developing contract summaries to ensure key contract terms are presented to and understood by project teams and provide contractual support during project execution
- Assist in developing subcontract agreements for major projects when required, ensuring flow down of terms from main contract terms and conditions.
- Assist in developing standard contract templates for use by functional groups to ensure consistency across the group

- Support Commercial Team to maintain accurate records of all company agreements, including property and facility agreements
- Support Commercial Team to develop and deliver training on contract terms and other legal issues to raise commercial/ contractual awareness across the business
- Maintain current knowledge of contracting principals and compliance
- Assist in creating and revising policies and procedures across the Kraken Group
- Carry out other in-house contracting related tasks as required.
- Carry out other tasks as required and within the competency of the job holder.

QUALIFICATIONS AND EXPERIENCE

- Prior international experience with a Marine Technology, Subsea services provider.
- Experience in offshore renewables and defence sector is highly desired.
- Previous experience in a commercial/contracting environment with strong commercial awareness and effective negotiation skills are essential.
- Knowledge of standard industry contracts, such as IMCA, BIMCO and LOGIC as well as knowledge of a variety of contract documentation such as, framework agreements, supply contracts, JV's, partnership, NDA's, etc.
- Highly proficiency in various office 365 tools, including Teams and SharePoint, Excel, Word, PowerPoint, and Outlook.

Preferred Skills:

- Excellent communication skills in English, both verbally and in writing.
- Ability to identify risks and propose alternative strategies to mitigate risks.
- Self-motivated with ability to multi-task and oversee multiple tasks simultaneously with conflicting priorities.
- Good time management, adopting a flexible approach to work.
- Ability to work successfully in a dynamic team environment across departments and locations.
- Ability to be discreet and maintain confidentiality.
- Strong interpersonal and teamwork skills.
- Strong planning, analytical, negotiation, and organizational skills.
- Strong ethical values and willingness to raise concerns to internal team members.
- Willing to contribute ideas and seek improvements and solutions committed to improving working practices.
- Demonstrate sound judgement and good decision-making when dealing with problems.
- Ability to communicate with external stakeholders and clients whilst ensuring the company is always represented in a professional manner.
